BRIEF SUMMARY

George is an experienced Building Surveyor, with his main professionalism lying within the residential and public sectors. George has experience across a range of surveying services, from AutoCAD surveys to housing disrepair inspections.

George is a commercially aware individual and holds knowledge of defects, building disputes and loss and expense.

SPECIALISATIONS

- Building Surveying
 - Project Management
 - Housing Disrepair Inspections
 - Technical/ engineering inspections
-

HIGHLIGHTS AND RECENT EXPERIENCE

- Acting as a planning consultant on a large number of properties. Carrying out initial measured surveys of both internal layouts and external elevations, produce full AutoCAD drawings of surveyed building and liaise with planning authorities to ensure all information is included within the application.
- Acting as contract administrator on a variety of projects for different clients. Tasks include carrying out feasibility reports, writing specifications and producing tender documentation prior to managing works during the project's construction phase.

- Coordinating a large scale stock condition survey project for a London City Council. Roles included survey template design, resource management and carrying out surveys.
 - Carrying out condition surveys focusing on all internal and external elements of a variety of different commercial and residential buildings.
 - Carry out inspections of properties and produce report on defects within condition report or expert reports aiding disrepair cases.
-

EDUCATION AND PROFESSIONAL MEMBERSHIPS

- George is studying towards completion of his RICS accreditation.
 - Batchelor of Science Degree with Honours in Building Surveying.
-
